Now I see what you are talking about. The stuff at the top of that document is some notes that I solicited from Bruce to help kick-start my writing process. I did not ask him to cite individuals. The team is the team.

There are going to be two different write-ups. Becky is handling the team one. Maybe stop by and see her about that. I talked with her some about how we charted new ground on putting to word the interrelationship between reuse and stewardship and remedy protectiveness.

The other award that would incorporate our reuse work is a community outreach award. I am working on that one. I will send you what I have (some stuff written and some notes provided by Bruce. I will also send you the criteria memo for both.

Hi Mike, do you have a description of the criteria for this write up regarding Skeo and SRI Program activities at Allied? I finally have time to do it...
